

Artistic Director Emi Miyoshi of SHIBUI collective is looking for 3 dancers (M/F/N) for an upcoming project.

Project

To mark the 90th birthday of composer Helmut Lachenmann, Ensemble Recherche and the SHIBUI collective are launching an interdisciplinary project that brings contemporary dance and new music into an equal and dynamic dialogue. Under the artistic direction of choreographer Emi Miyoshi and Nik Bohnenberger, the project explores Lachenmann's physically inspired sound language through choreographic expression.

The premiere is scheduled for March 2026 at E-Werk Freiburg.

Musik gleichberechtigt miteinander verbindet. Unter der künstlerischen Leitung von Choreografin Emi Miyoshi und Nik Bohnenberger entsteht ein Format, das Lachenmanns körperlich geprägte Klangsprache in choreografische Ausdrucksformen übersetzt.
